Many thanks for purchasing our Expresso FX Germanium Boost "Mojo Edition". Our Germanium Boost "Mojo Edition" takes you ever so close to the mojo of vintage germanium boost (such as Dallas Rangemaster) units, but with a few improvements. To begin with, we wanted to make improvements to the voicing of the pedal; instead of picking a particular sound, we opted for 7 distinctive sounds that go from treble-focused, to mid-focused, and to bass-focused. This makes the pedal tremendously versatile, and easier to match with a wide variety of amps. The 7 voicings are accessed through a stepped rotary switch. The effect is achieved using 7 separate high quality NOS capacitors, and not by simply adding a tone stack.

For this pedal, we have sourced an amazing stock of rare and highly sought after NOS components; some amazing NOS Mullard Tropical Fish and Philips capacitors, and an array of top grade NOS Mullard germanium transistors.

We follow our same tradition of extreme attention to detail when putting these pedals together. Every component used is of the highest quality, with absolutely no compromise. The circuit is also housed in a genuine large Hammond enclosure, professionally powder coated to our exact specification.

All in all, this is an amazing edition that displays all the fine subtleties of the original units but without the price tag.

Specifications:

- High quality aluminium enclosure, professionally powder coated in Grey Hammerite finish. These are very durable and absolutely gorgeous enclosures.
- A hand selected NOS germanium transistor; please refer to the website for more information on the currently used transistor.
- NOS Mullard "Tropical Fish" C280 polyester capacitors.
- Philips electrolytic capacitors.
- Xicon/Yageo 1% metal film resistors.
- Premium Cliff UK jacks.
- Alpha 16mm potentiometers.
- Premium 22 AWG solid core Silver-plated copper wire with Teflon insulation, for superior signal transmission.
- Audio-grade shielded wire.
- Lead free, Silver-based solder.
- True bypass.
- Fully hand wired.
- 3 years warranty.
- Dimensions: 121 x 66 x 40 mm (W x D x H).

Warranty:

All Espresso FX Mojo Edition products carry a 3 year warranty to the original owner with proof of purchase.

The Warranty covers any damages and faults developed by our product, but does not cover those caused by misuse or user error.

All warranty work must be preceded by an email to support@expressofx.com to troubleshoot the problem. Then, if necessary, you will be issued a "Return Authorization" which must accompany any item sent or that item will be rejected.

Espresso FX is not responsible for injuries incurred while using our products nor any damage to other items related or no related to the use our products.
